## Career Objective

---

Motivated and detail-oriented Frontend Developer with strong fundamentals in HTML, CSS, JavaScript, and React & Node.js. Passionate about building responsive, accessible, and user-friendly web applications. Seeking an entry-level frontend role where I can contribute to real-world projects and continuously enhance my technical skills.

## Technical Skills

---

|                               |   |
|-------------------------------|---|
| <b>Programming Languages</b>  | JavaScript (ES6+), TypeScript (Familiar)  |
| <b>Web Technologies</b>       | HTML5, CSS3   |
| <b>Frameworks / Libraries</b> | React.js, Next.js (Familiar), Axios, Tailwind CSS, Motion.dev, GSAP               |
| <b>Tools &amp; Platforms</b>  | GitHub, VS Code, Cursor   |
| <b>Backend (Basic)</b>        | Node.js + Express.js, MongoDB + Mongoose (Familiar), Thunder Client, CORS, dotenv |

## Projects

---

### Soli Farming Agent

React, Firebase

A comprehensive web application for managing soil and crop distributor information in agriculture. Admins can post and manage soil details and distributor information, while users can view and search through the available resources.

### Chapter-2Dril — Fashion Brand Landing Page

React + React-router-dom, Framer Motion

Built a modern and responsive landing page for a fashion brand with a clean UI, product showcase, smooth animations, and mobile-first design inspired by high-end streetwear aesthetics.

### Louis Vuitton Webpage

HTML, Tailwind CSS, JavaScript, GSAP

Designed a responsive and elegant landing page inspired by the Louis Vuitton website, featuring a luxury-themed UI, interactive product sections, smooth animations, and mobile-friendly design.

### Responsive Portfolio Website

HTML, CSS, JavaScript — Hosted on GitHub Pages

Designed and developed a personal portfolio with responsive layout using Flexbox and media queries, smooth scrolling, and interactive UI elements.

## Training & Internship

---

### Frontend Developer Intern — Unified Mentor Pvt. Ltd.

15-Dec 2025 – 15-Mar 2026

- Developed responsive user interfaces using HTML, CSS, JavaScript, React + Firebase.
